

North Texas Region Results Database 2004 Rankings Process

For Club Coaches

Below are instructions for the Online Results Site that will be used for the ranking of teams within the North Texas Region. By not submitting these results, your teams will not be ranked throughout the year or at Regionals. It is the responsibility of the Club Director or Coach to submit this information. A list of dates will be posted on the Log-in page that identifies the deadline dates for results to be posted for the next month's ranking

Result Posting Process for Junior Olympic Coaches

1. From the North Texas Region Registration website, select "Enter Team Site" from *Junior Olympic Teams*. <http://svjgroup.com/ntregistration>
2. Provide your "Team #", if you don't know this click "Look up Team #" and follow the instructions on the screen.
3. Submit the password that your Club Director provided you. If you don't know your password, contact your Club Director.
4. After you successfully log-in, you will be taken to a screen where you will see a link that says "Post Results to Region Ranking Database". *Click on this link.*
5. You are now sent to the Schedule Page. The first time in this section, there will be no tournaments listed. The first thing you need to do is add a tournament to your schedule. To do this, click on the link at the bottom of the page "Add Tournament to Schedule".
6. On the next page, click "View Entire Schedule" and wait a few moments while the screen pulls the tournament list from the database.
7. You will be taken to a list of Tournaments throughout the Region and other large tournaments throughout the nation. To assign a tournament to your team's schedule, *click "Select" next to the tournament you wish to add to your schedule.* If the tournament you attended is not on the list, click the link that says "Submit New Tournament to List".
8. On the next screen, *select the division* in which your team played or is playing.
9. Within the next few seconds, the tournament will be added and your screen will be directed back to your team's schedule page where the tournament you just selected should appear.
10. **In order to submit your RESULTS for a tournament, you must click on the EDIT button  next to the tournament. There you are asked to submit your finish in the tournament. Please note, you need to submit your finish compared to every team in the tournament. For example, if you get 1st place in the Bronze Division, that does not mean your finish is "1". You would have to count the number of teams in the Gold and Silver Division and add one to get your finish. After you submit your finish, you will be taken to the Schedule page where your results are now posted.**
11. **HEAD-TO-HEAD COMPETITION (Optional)**
 - a. If you choose to submit Head-to-Head competition, this is done by selecting the "Select" button  next to the tournament you wish to choose.
 - b. You will be taken to a Match page for the selected tournament. First you will need to add a match to the tournament by selecting "Add Match to Tournament". There you will be asked to submit your opponent's information. **For Head-to-Head results to be counted, the opponent's Team Code must be submitted.** We have provided a link to help you find and submit Team Codes, "Look up Team". Submit your results.
 - c. For your information, a team's ranking **will not be harmed** by submitting match results that result in a "LOSS"; however, a team's ranking may be improved by submitting match results that result in a "WIN".
